

Bonus #1: The "AI Business-in-a-Box" Launch Kit

Your Instant Business Launchpad

Congratulations on securing your access to OpenClaw Cracked! You have just equipped yourself with one of the most powerful AI execution engines on the planet.

While others are still just prompting, you are about to start deploying. The purpose of this Launch Kit is to give you the exact blueprints for your new AI-powered empire.

Think of OpenClaw as the master builder and these templates as the architectural plans for proven, profitable online businesses. We have analyzed the models from the sales page and reverse-engineered the core components you need to launch FAST.

Your 3-Step Path to Instant Deployment

1. Choose Your Model: Browse the five templates and select the business you want to launch first.
2. Copy the Blueprint: Copy the entire text content for the template page and the corresponding AI Command Prompt.
3. Deploy with OpenClaw: Paste the content and prompts into OpenClaw's modules. Watch as your AI agent builds your business asset in minutes.

Template 1: The Local Lead Gen Client Catcher

Goal: This template is engineered for one specific purpose: to turn a local visitor, searching for an urgent service, into a high-value lead for a local business.

Strategy: The design is simple, direct, and mobile-first. When someone's basement is flooding, they don't care about fancy graphics; they care about finding a reliable expert FAST.

Key Elements:

- Headline that speaks to the urgent problem
- Trust indicators (reviews, years in business)
- Simple contact form (Name, Phone, Issue)
- Clear call-to-action button

AI Prompt: "Create a landing page for a local [service] business in [city]. The headline should address the urgent problem of [specific pain point]. Include trust indicators and a simple contact form."

Template 2: The Digital Product Sales Page

Goal: Sell digital products (ebooks, courses, templates) with a high-converting sales page.

Key Elements:

- Compelling headline with benefit
- Story that connects with the reader
- Bullet points of what is included
- Price and guarantee
- Strong call-to-action

AI Prompt: "Write a sales page for a digital product about [topic]. The target audience is [specific audience]. Include a compelling story, benefits, and a strong guarantee."

Template 3: The Freelance Service Landing Page

Goal: Position yourself as a premium freelancer and attract high-value clients.

Key Elements:

- Professional positioning statement
- Portfolio/examples of work
- Client testimonials
- Clear service offerings
- Contact/CTA section

AI Prompt: "Create a professional landing page for a freelancer offering [service]. Position me as an expert in [niche]. Include sections for portfolio, testimonials, and services."
